matiasrolon.dev

Software Engineer with 5+ years of experience building end-to-end sales systems for the travel industry, from service search to back-office, for both B2B and B2C clients, on scalable AWS architectures, and leading development teams in recent years. I currently build LLM-powered applications in academic and personal projects, and have a solid foundation in machine learning.

WORK EXPERIENCE

Tije Travel / E2E Travel Solutions · Apr 2021 – Oct 2026

Team Leader · Mar 2024 – Oct 2026

- Led a team of 3 developers: task assignment, delivery tracking (**ClickUp**) and code reviews.
- Designed the Python backend architecture on **AWS** for online booking systems for flights, hotels and other travel products.
- Defined technical priorities with Product and coordinated with the QA team.
- Built **Business Intelligence** dashboards in AWS **QuickSight** to track sales, bookings and KPIs for the commercial team.

Full Stack Developer · Apr 2021 – Feb 2024

- Developed REST APIs in Python (**Django**, **FastAPI**, **Serverless**).
- Built frontend projects with **React**, using libraries such as **Redux** and **Material UI**.
- Deployed and operated services on AWS (**Lambda**, **DynamoDB**, **ECS**, **SQS**, **CloudWatch**).

Inrots Corporation · Jan 2019 – Mar 2021

DBA

- Administered **SQL Server** databases: queries, triggers, optimization and maintenance.
- Automated reports with **VBA** in Excel and built web interfaces (**HTML** and **CSS**).

TECHNICAL SKILLS

Languages: Python | SQL | JavaScript
AI/ML: LLMs | scikit-learn | pandas
Backend: Django | FastAPI | Serverless Framework | GraphQL
Cloud (AWS): Lambda | DynamoDB | SQS | CloudWatch | ECS | API Gateway | QuickSight
Databases: PostgreSQL | Supabase | MySQL | SQL Server | MongoDB
Frontend: React | Next.js | Material UI | Redux
Tools: Git/GitHub | Docker | Claude Code | ClickUp

EDUCATION

Bachelor's Degree in Information Systems - Universidad Nacional de Luján
Mar 2015 – Present · 38/41 courses completed
Intermediate degree: **University Programmer Analyst** (2021)

LANGUAGES

- Spanish: Native.
- English: Conversational (B1).
